

The City of La Crosse Park's and Rec Department installed 4 new boat landing payment boxes yesterday....people will pay \$3 if they live in the city and \$5 if they don't this year. So where are the honor boxes?

Jay Odegaard says all the monies collected will go into a separate fund and will be used for building new docks...maintaining current docks.....placing garbage dumpsters at the landings and re-striping some of the parking lots around the 4 landings.
