

Birthday Present To The Loggers....A New Lease

Wednesday, 28 March 2012 22:03

The La Crosse Loggers turn 10 years old this year and may be getting a one year lease extension from the city as a birthday present. The Common Council will vote on that next month. And General Manager, Chris Goodell, says he likes the position the Loggers have been with the city.

The current 10 year lease was set to expire after this season and Goodell says they hope to get another long term lease when the city and the organization meet again.
