

Alternate Side Parking Ticket Writing Drops in La Crosse

Monday, 01 April 2013 14:17

A big drop for alternate side parking tickets in La Crosse this year. Alternate side parking rules end at the end of March for the city. Police say today, between November and April first, about 15 thousand alternate side tickets were written for cars parked on the wrong side of the street overnight. Down considerably from the over 18 thousand written last year.
