

Car Versus Horse. Horse Wins

Monday, 15 July 2013 11:48

Traveling the roadways of Wisconsin, you often have to be prepared for deer in middle of the road. Not so often the case with horses. But, in Vernon county this week-end, it was a horse that was standing in the middle of county road WW that a driver hit. Horses are a little bit bigger than deer. So, in this case, the horse came out on top and walked away from the accident. The guy's car had to be towed.
