

Need to get in out of the hot tonight? An overnight cooling center will

be open at the Salvation Army on 8th Street from 6:00 tonight to 7:00 tomorrow morning.

Folks there say you must check in from 6:00 pm to 10:00 pm and your expected to bring bedding and personal medications. NO PETS are allowed. Everyone will be screened with a breathalyzer test.

Emergency management and public health officials urge residents to take steps to prevent serious illness that can result from heat, especially among vulnerable individuals such as seniors and those with chronic medical conditions.
