

A good sized drug bust this week in southeastern Minnesota. Members of

the Southeast Minnesota Narcotics and Gang Task Force say they found nearly \$200 thousand worth of synthetic drugs and several guns during a raid at a home in St. Charles Monday.

Chad Loehr was arrested, his business in Dover was also raided, and police say they found more drugs and guns there.

He is charged with felony possession of controlled substances in Winona County, and charges are also expected out of Olmsted County.
