

If you had a chance to look over a report that came out Tuesday from the

state Insurance Commissioner's office about the coverage to be offered through the federal health care exchanges starting next year.....forget what you read. All misleading says Robert Kraig of Wisconsin Citizen Action.

[\(Click for Audio\)](#)

Kraig says the state's new data shows dramatic rate increases for plans offered by the exchanges, compared to similar coverage available now. An estimated half million plus Wisconsinites will be forced to use the exchanges or pay a penalty under the Obama health law for not having coverage.
