

Bear Wanders Through Tomah

Wednesday, 25 September 2013 15:54

A full size bear was reported to be in the City of Tomah today near the area of Sime Ave and Monowau street behind the Camelot Trailers.

A short time later city crew workers saw the bear running east, across the grass runway strip, away from the trailer park.

If you see the bear in the area dont approach it. If you live in the area please keep your garbage cleaned/picked up and only put it out when it is required to be picked up.
