

La Crosse's next major murder trial is set for early next summer...

Mitrel Anderson goes on trial in early June for first-degree murder in the death of DeMario Lee. The week-long trial is scheduled to start June 9th...just days after the first anniversary of the murder at a Cass Street convenience store. Investigators believe Anderson killed Lee by hitting him in the head with an edged weapon during a fight. Anderson remains in the La Crosse County jail, under a million dollar cash bond.
