The School District of La Crosse is seeking input from the community as it decides what to name the district's new north side school. In accordance with school board policy citizen input will be sought when naming or renaming a school facility. The school board's policy states that a facility's name shall lend dignity and status to the facility. In addition, the name may reflect a logical association with the facility such as location, function, or local geographical feature, or may be that of a distinguished person who has made an outstanding contribution to the community, state or nation.

The public can submit name suggestions to the district via email at: namethisschool@lacrosseschools.org. The district is asking that all names be submitted by 5:00 p.m. on Thursday, October 17th.
