

New Garbage Carts Arriving Early

Tuesday, 05 November 2013 09:24

Should be three months before La Crosse's new garbage service begins. But the new wheeled carts for the service will begin arriving long before that. The carts--most of them the 95 gallon size--will get delivered starting in early December. Although city public works director Dale Hexom expects a few glitches in the new process, overall it should go pretty well. And he hears good feedback from the public as well
