

Why Choose Hogan?

Thursday, 10 April 2014 04:17

As the La Crosse School District was set to vote on a location for the new 7 Rivers Community Charter High School Monday night, Logan High School had been penned into the contracts as the location. That all changed as the board accepted the idea to house the high school in the Hogan Administrative building. Logan Principal, Scott Mihalovic explains what came out of a meeting he and the two advisers of the high school had at Hogan weeks ago.

The advisers are in the process of writing the implementation grant which is due April 15th. After that, they will go ahead with the student application process. Applications are due April 30th and then there will be a series of meetings with students and families to make sure this project based learning is right for them.
