

No Fees Here

In this day and age of school districts trying to find more and more extra monies.....it would seem odd not to charge activity and athletic fees to bolster the school's coffers. If you look at some districts around the state.....they charge \$300 for High School.....\$200 for Middle School and some a \$500 Family Cap.

But the question is.....who can afford that anymore. One reason the Lacrosse School District charges their students nothing to participate in plays or sports.

Matter of fact it's like that throughout the MVC. Logan A.D. Steve Hole says a great booster club.....team fundraisers and strong district budgets have been the keys to helping students "not have to sit on the sidelines" and watch.
