

## **Alleged Bomb Threat At La Crosse Courthouse**

Monday, 06 December 2010 15:05

---

The La Crosse Courthouse clears out in the middle of the afternoon...

Offices and courtrooms in the building were evacuated around 2:30, as fire trucks were called to the building, and police cars blocked off Vine Street in front of the courthouse entrance.

Investigators aren't saying why the building was evacuated, but according to one source, a caller to the courthouse claimed to have discovered plans to blow up the building.
