The final of four public hearings on the state budget proposal scheduled for April 13th in Arcadia has been canceled. The news Tuesday comes after another hearing had to be moved from Minong to Superior after the school that was to host the Minong meeting said it was concerned that it couldn't handle the expected crowds.

Budget committee co-chairman Rep. Robin Vos said today that he doesn't know exactly why the Arcadia High School backed out of plans to host the hearing. He says another site nearby in western Wisconsin close to Black River Falls is being sought.

The first hearing is Thursday in Stevens Point followed by the Superior stop on Friday. A third hearing is set for West Allis on Monday.
