

Young Swimmer's Body Found In River

Wednesday, 03 August 2011 20:32 -

After three days of searching, the body of a six-year-old swimmer is found in the Mississippi.

Word came in late Wednesday that Junior Thao had been located in the Goose Island area. That's a few miles south of the Pettibone Beach area, where the boy's family had been swimming on Monday. Rescue teams had been working since then to find Junior.
