

Sangster Update

Thursday, 04 March 2010 17:22 -

LaCrosse's indoor football team will be without their starting quarterback for awhile. The LaCrosse Spartans have confirmed QB Jimmy Sangster will miss three to four games with a sprained knee ligament. Fortunately, the team has two bye weeks in a row to minimize the amount of games the Spartans will have to get by without their leader. Sangster was injured in the first half of the team's opening game loss to Wichita. The coaching staff will start trying out quarterbacks today and hopes to have a replacement named by Monday.
