

Unemployment Rate Improves in La Crosse County

Thursday, 25 August 2011 09:55 -

La Crosse county still has one of the best unemployment rates in the state. New numbers from the state this week shows La Crosse county with the eighth-best unemployment rate in the state for the month of July. that's a couple spots better than last month. The county unemployment rate is at 6.2% for the month. Best in the state, as always, is Dane county at 5.4%. Worst unemployment is Menominee at over 20%. The county as a whole is better than the city of La Crosse, which posted an 8% unemployment rate for July, which is actually a little better than the month before. The same report tallied 200 jobs lost in the La Crosse metro area in July.
