

Alternate Side Parking Gloves Could Come Off Tonight

Thursday, 03 November 2011 10:45 - Last Updated Thursday, 03 November 2011 11:08

Don't expect any more warnings from the La Crosse police department. Alternate side parking rules went into effect on Tuesday morning in the city. Police records department says they stick pink warnings under windshield wipers for the first couple of days of seasonal alternate side parking. Those two days have elapsed and there were more pink warnings again this morning. So expect full-on, ticket-green if you're on the wrong side of the street tomorrow morning. Records says it's not clear how many warnings have been handed out this week but, "it's alot."
