

If you have attended a Minnesota College or University in the past and did not finish your degree.....you may want to go back and finish it out. Employers are looking for you. And Mary Rothschild of MNCSU says not only are there good jobs out there.....some require skills you may not have had a chance to learn.

Letters were mailed to more than 20 thousand people, who recently attended a state college or university but didn't earn a degree, letting them know the time is right to go back and get that degree.
