

Let Clean-Up Begin

Monday, 15 March 2010 17:31 -

Time for spring clean-up is here. For people in the city of La Crosse, beginning today, yard waste can go to the curb for pick-up on recycling day. Stuff either has to go out in a 32 gallon trash can with a green yard waste sticker on it, or simply get put out on the curb in compostable yard waste bags. The city's yard waste and brush drop-off sites open in two weeks.
