A woman in La Crosse had to go to the hospital for bite wounds this week-end. Apparently a victim of a very jealous Melanie Fife. They say the 44 year-old Fife drunkenly confronted the bite victim at Fife's boyfriend's place. The two women fought. Fife broke a window, pulled the other woman's arm through the window and bit it. Fife herself suffered cuts from the broken glass. They say she blew a .17 when they brought her to jail.
