

Hancock Moving On

Friday, 24 February 2012 12:47 -

After serving the American Red Cross and the greater La Crosse Community for more than 9 years, Cheryl Hancock, is moving on.

Hancock will be the South East Technical College Director of Institutional Advancement. She says after all this time, the Red Cross will always be with her...and she's thankful for what the La Crosse area community has done for her and her efforts over that time. She will still reside in Holmen.
