

ATC Sets More Public Meetings

Tuesday, 27 March 2012 20:54 -

American Transmission Company is continuing a multi year public outreach process for the proposed Badger Coulee Transmission Line Project with the third in a series of public open houses presenting preliminary routes for the proposed 150 to 170 mile line from north of the La Crosse area to northern Dane County. ATC Local Relations Manager Sarah Justus says it all depends on what happens with the separate, CAPX 2020 project.

Approximately 9,000 potentially affected landowners, public officials and other stakeholders will receive invitations in the mail this week. The first public meeting is April 17th at the Stoney Creek Inn and Conference Center, Onalaska.
