

A boost for emergency preparedness in La Crosse county. A very small boost. The county is among 25 agencies in the state collecting fed grants to conduct tabletop exercises to get ready for unexpected large scale emergencies. Hundreds of thousands of dollars going all over the state. Milwaukee county's getting 19 thousand dollars for exercises. Ozaukee county's in line for 29 thousand. Even Forest County Potawatomi will get 11 thousand. La Crosse county: about 13 hundred. Likely, a pretty small exercise getting planned in La Crosse.
