

Ethics Meeting Scheduled to Review Complaint Against Mayor

Thursday, 23 September 2010 10:53 -

An ethics board meeting has been scheduled after a complaint filed against La Crosse mayor Matt Harter. An opinion from an outside law firm says the mayor crossed some ethical boundaries during meetings with the county solid waste director and his father, Gary Harter, the owner of La Crosse's garbage contractor. A complaint was filed by several people more than a week ago. The city's ethics panel is scheduled to convene to begin considering the ethics charges at 3:30 Tuesday in city hall.
