

No Call Deadline Tonight

Tuesday, 30 November 2010 12:29 -

The next deadline to register for Wisconsin's no-call list to block calls from telemarketers is tonight at 11:59.

Those who sign up through the day will have their phone numbers put on the list starting January 1st. The next chance to sign up won't place numbers on the list until April 1st.

The list is open to home and cell numbers, but registration must be renewed every two years. Anyone who has forgotten when they signed up can sign up again to be safe. More than 2.2 million numbers are on the list. That is the most since the program began in 2003. Nearly half of the numbers registered in this year's fourth quarter were cell numbers.

Sign up by calling 1-866-966-2255 or over the Internet.
